### Our Final Project!

It was just too difficult selecting a single “Grand Finale” project!

So I decided our final project will be something you can take with you throughout the life of your pottery making journey. **Personalizing generic techniques is how we find our voice in any art medium.** I've chosen an eclectic selection of pottery techniques for you to choose from...but don't feel limited to these.

It's time to **BUILD YOUR OWN PROJECT!**

### INSTRUCTIONS

- **Choose 1 from each category** “Build Your Own Project” menu - Choose 1 in each category or mix & match!

**Fun Trick:** Do you find it difficult sitting through slow-moving demos?

Click the settings button on a video and change the speed up to 2X faster! (I'd encourage you to do this with some of my early on videos, lol ;) )
