

For clay enthusiasts enjoying the  
**Hobby Potter Life!**

Learning Together, In Our Own Studios

## July 2018 Project "Puff & Tuft"

This month's project is an excerpt from Jake Allee's DVD series "Assembly Required" featured in [CeramicsArtNetwork](http://CeramicsArtNetwork.com). We will be exploring his technique of "Tufting" as shown in his Yummy Candy Dish video.

**Notes From Tammy Jo:** View this project as a "buffet"... take what you want to chew on and understand it's okay to leave the rest for another day. This project was specifically chosen to be challenging enough for an experienced potter, but friendly enough for a novice to learn and grow. It utilizes both wheel throwing and handbuilding.

You may duplicate Jake's steps exactly or adjust any of the multiple techniques to fit your skills/studio or personal circumstances. The unifying them throughout the month should be PUFFY pillow like "tuft" textures. **Give it a go!**

for Ceramics Monthly / Pottery Making Illustrated Magazines

## DIRECTIONS

1. **Watch the video clip!** <https://youtu.be/fdMBKPYV2XY>
  2. **Decide** on the aspects of the video YOU would like to use for your project
  3. **Share** your progress and concluding explorations with the team! It would be great to see photos and videos of YOUR learning journey with this project!
