

For clay enthusiasts enjoying the
Hobby Potter Life!

Learning Together, In Our Own Studios

August 2018 Project “Water Etching!”

So excited to give this technique a try! This month we are going to create your chosen vessel form and then give it an “etched” look design by using wax resist or shellac! Here is a video from Erin Furimsky explaining the technique via Ceramic Arts Network!

Notes From Tammy Jo: View this project as a “buffet”... take what you want to chew on and understand it's okay to leave the rest for another day.

Water Etching & Stamped Underglaze

By Jake Allee - DVD Series, “Assembly Required”
for Ceramics Monthly / Pottery Making Illustrated Magazines

DIRECTIONS

1. **Watch the video clip!** <https://www.youtube.com/watch?v=UTtamMyI-aU>
{Extra info link from [Ceramics Art Network](#)}
2. **Choose** your wheel thrown or hand built form and apply your shellac design.
3. **Share** your progress and concluding explorations with the team! It would be great to see photos and videos of YOUR learning journey with this project!
